

Foods Adlibra™

FILE DESCRIPTION

Foods Adlibra™ is produced by General Mills' Foods Adlibra Publications. It corresponds to the printed publication *Foods Adlibra*, which covers over 250 periodicals. Additionally, over 500 highly technical research journals are reviewed for important references, Government publications, the *Federal Register*, the U.S. Patent Office *Official Gazette*, and company, university, and association news releases are also scanned for relevant references.

The database contains information on food industry developments, including:

- All new food products introduced since early 1974.
- Information on every level of food marketing: agribusiness, meat packing, millers, dairies, retailers, food service operators, gourmet food importers, processors, brokers, and equipment suppliers.
- Major, significant research and technological advances, processing methods, packaging, and patents.

SUBJECT COVERAGE

The Foods Adlibra database covers:

- Aseptic Packaging and Processing
- Biotechnology
- Commodities
- Company and Association News Announcements
- Government Information
- Management and Marketing News
- Marketing Statistics and Market Research
- New Ingredient Developments
- New Products
- Nutritional Information and Technology
- Packaging Developments
- Patents
- Processing and Engineering Methods
- Research and Technology
- World Food Economics and International Market Research
