/LP, /TX TEXT:
Wed, Nov 18, 2009 - Renault Ireland boss Eric Bassett discusses his ideas for the brand with MICHAEL MCALEER, Motoring Editor

ERIC BASSETT might be the second boss of Renault in Ireland after Bill Cullen, but in the public's mind the French brand is intrinsically coupled with the Dubliner. Part of that is down to Cullen's remaining involvement with the brand through his high profile dealerships. Part of it is down to the fact that you can't seem to avoid his patter, either on radio or TV, these days.

/TX Yet Bassett doesn't seem to be interested in courting the public's attention. His focus is on transforming the brand into a top-three player in terms of sales and reforming the dealer network.
