

Extel Financial Cards from Primark

FILE DESCRIPTION

Extel Financial Cards from Primark provides comprehensive financial, textual, and background information on quoted, major unquoted, and other large international companies. The database covers companies worldwide and allows cross-country comparison and analysis of companies, industries, and financial markets. An annual record is produced for each company following the publication of the company's *Report and Accounts*. Primark provides detailed business and geographic analyses as appropriate to the subject company. To account for different national reporting practices in various countries, the file provides 30 key financial elements, including pre-tax profit, turnover, premium income, dividend information, capital employed, share capital, assets, borrowing, and market capitalization. These financial elements are searchable in both local and U.S. currencies. To complement the key financial data, over 20 key financial ratios are also provided.

SUBJECT COVERAGE

- Analysis of operating results by geography and line of business
- Board of directors
- Borrowings
- Company name, address, and telephone number
- Company organization (including subsidiaries and related companies)
- Consolidated balance sheet
- Consolidated profit and loss accounts
- Director's reports
- Key financial items and ratios
- Principal activities

STATEMENT AND REPORTS

During the year the Group launched a new unit trust, Lion First Large Cap. Fund. Just after the Group's year-end, Liontrust Winners Investment Trust PLC was floated with #30 million subscribed. The Group has won nine new pension fund mandates during the year worth a total of #270 million at the time of take-on and assets managed on behalf of segregated and pooled pension funds exceeded #440 million at 31-Mar-2000. The Group continues to be invited to pitch for new pension fund mandates and at its year end the Group has won two new accounts but the funds had not then been passed into its control.

² Present only for companies traded in the U.S.

⁴ Present only for companies traded in the U.K.

³ Numeric entries are indexed as complete numbers, rounded down to the two left-most digits. Use numeric operators (:,<,>=, etc.) to search a range of values, e.g., S TA>5B to find companies with Total Assets over 5 billion.

⁵ Ratios are displayed to 1 decimal place. Ratios indicated by (%) are searchable as decimal equivalents; for example, a profit margin of 5% displays online as 5.0 and is searched as S PM=5% or S PM=.05.
