

Teikoku Databank: Japanese Companies

FILE DESCRIPTION

Teikoku Databank: Japanese Companies, a directory file produced by Teikoku Databank, Ltd., provides the latest information for approximately 224,398 Japanese companies. Information for these companies includes current address, telephone number, financial and employment data, and executive officer information. Full and condensed Balance Sheets and Income Statements are available for about 98,016 companies.

SUBJECT COVERAGE

Teikoku Databank: Japanese Companies covers both listed and unlisted Japanese companies that have self-designated official English-language company names and overseas business dealings. The database covers a broad range of industries, as identified by Teikoku product codes, and includes number of employees, credit scoring, sales ranking, major trading banks, and executive officer name, address, and telephone number. Declared income, sales, profits, and dividends are included for the latest reporting term, and previous reporting term, if available.

SOURCES

This database is extracted from COSMOS2 (Company Profile), a database of approximately 1 million companies that Teikoku Databank, Ltd. produces through its credit investigations and survey reports done in Japan. Financial figures are provided in yen by Teikoku Databank. Dollar equivalent figures, along with the exchange rate used (exchange rate source: The WEFA Group), are provided by DIALOG and are for informational purposes only. National sales rankings (SR=) are derived from the full corporate information file.
