

**D&B - Dun's Electronic Business Directory®****FILE DESCRIPTION**

**D&B - Dun's Electronic Business Directory**, produced by D&B, Inc., provides online directory information for over 28 million businesses throughout the United States. A full directory listing is provided for each entry, including, address, telephone number, D&B enhanced SIC codes and descriptions and number of employees.

For companies located, six types of pre-formatted reports are available through use of the REPORT command: Comprehensive Report (CR), Business Background Report (BBR), Payment Analysis Report (PAR), Business Information Report (BIR), Credit Scoring Report (CSR), and Supplier Evaluation Report (SER).

The Dun's EBD file is extracted from D&B's global database of businesses. Data is collected through daily in-person and telephone interviews; county, state, and federal government sources; third party sources; business trade tape exchange programs; and large-volume mailings.

**SUBJECT COVERAGE**

File 515, covers U.S. business establishment locations of all sizes (employee levels from single to thousands) and types, including public and private companies, government agencies and contractors, schools, and universities. Commercial, industrial, and services industries are indexed with over 18,000 "2+2" Standard Industrial Classification (SIC) codes, exclusive to D&B.

<sup>2</sup> EXPANDING is recommended to verify forms of entry. Since File 515 uses indexes that are shared with D&B Dun's Market Identifiers, File 516, you may see other fields in an EXPAND. Only those fields documented in the File 515 Bluesheet can be used. To SELECT or display other fields, it is recommended that a MAPDN be performed in File 515 and executed in File 516.

<sup>3</sup> Includes primary and secondary SIC descriptions at the 4- and 8-digit levels. SELECTing a four-digit code retrieves all codes starting with those digits, e.g., SELECT PC=5441 also retrieves 544199 and 54419901.

<sup>4</sup> Telephone number is grouped at three levels: area code, area code and prefix, and the full telephone number.
