

D&B WorldBase® - International D&B WorldBase® - Europe

FILE DESCRIPTION

D&B WorldBase® – International (File 518) and **D&B WorldBase® – Europe** (File 521), have been renamed to better reflect their content and have been enhanced with more than double the number of records, family affiliations for many records, and enhanced legal status indexing. While online Expand SF= to review the legal status options. See the Subject Coverage section of this bluesheet for information on available indexing for Marketable versus Non Marketable, Active versus Inactive, and Linked versus Non Linked records.

D&B WorldBase® – International, File 518, is an international company directory with over 124 million records about firms in 219 countries worldwide.

D&B WorldBase® – Europe, File 521, is a subset of File 518 covering over 76 million companies located in 59 European countries.

To view the number of records by country name in each file, EXPAND CN= while on line.

SUBJECT COVERAGE

Included are firms from all types of industries, such as manufacturing, retail and wholesale trade, agriculture, mining, construction, financial services, education, business and professional services, public, private, and government-run firms.

The following values from the SF= field can be used to readily locate records of interest:

- SF='Marketable' applies to complete records with all required fields; SF='Non Marketable' indicates records missing a telephone number and/or SIC Codes.
- SF='Active' applies to records for recently confirmed active companies; SF='Inactive' indicates Out of business, no confirmed contact, or company asked to be removed from Marketable status.
- SF='Linked' records contain family linkage; SF='Non Linked' records do not have corporate family linkages.
